Dearest Alumni & Friends:

We certainly outdid our effort this year, and we continue to build momentum! A big mahalo to our top 2016-17 donor, the **Donald C.W. and Iris K.O. Kim Ohana!**

Our alumni and community's generosity continues to perpetuate **Mother Elizabeth Waterhouse's** labor of love for Mae'ma'e School (our school's 1897 founder), with a net contribution of \$15,000 to add to our Field Restoration Project account! Our MSCF account total is \$26,000.00.

Field Restoration Project Update:

With the Big Field and the Kindergarten/1st grade playground funding acquired, we have just the 2nd /3rd Grade Playground to complete.

Ma'ema'e School Playground & Land Restoration

Our Goal: Break Ground on the 2nd & 3rd Grade Playground in the summer of 2019

| | |
|---------------------------------------|------------------|
| Cost | \$60,000 |
| Amount Raised by MSCF | \$26,000 |
| Fundraising Goal for 2017 - 18 | \$34,000+ |

(Main Courtyard used for school assemblies; funded by state legislative project)

Tasks:

1. excavate, level and re-dirt fields
2. install sod or turf
3. install sprinkler system

Why is this so important to our Ma'ema'e School keiki?

1. Students need daily outdoor exercise to exert their energy and increase blood flow to the brain which enhances learning. (Ma'ema'e students often have indoor recess due to field repair and maintenance.)
2. To promote a positive sense of fair play and self-worth through sports and year-round outdoor activities. (In building the whole child, Ma'ema'e students need physical activity away from computers!)
3. our fields are heavily used by our large student population, the A Plus Program and community teams. This results in hard packed, uneven and rocky play areas with many dirt patches.
4. Nuuanu's rainy seasons cause run off and uneven fields. Large field sections become unplayable for weeks.

Many ways to get involved!

1. Become an MSCF member! \$15 annual membership fee
2. Make a 100% tax-deductible donation in your name, or on behalf of a company or loved one. Mail a check to the foundation or make a credit card donation online at www.maemaeschoolfoundation.com
3. Use your professional network to purchase equipment, supplies or provide contract services toward the completion of this project
4. Spread the word to 5 other prospective MSCF members and supporters! Contact Ma'ema'e alumni students, parents, faculty and staff members.
5. Post MSCF on your website, Facebook, Instagram, etc.
6. Enlist financial support from the company you work for, public & private trusts, etc. We already received matching donations from Hawaiian Tel!
7. Sign up for AmazonSmile! AmazonSmile is a simple and automatic way to support MSCF every time you shop on Amazon. It will NOT cost you extra. Amazon donates a portion of each of your purchase to MSCF. Visit smile.amazon.com, sign in using your existing Amazon credentials and designate Ma'ema'e School and Community Fountain as your selected non-profit organization.
